November 1963

MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Civil Aeronautics Board African Survey

The Civil Aeronautics Board has initiated a survey of civil aviation throughout Africa in order to provide a better basis for determining U. S. civil aviation policies in that area. It will be a most comprehensive study, going from basic geography, population, and political background through facilities, route structure, traffic figures and potential, and equipment studies. The survey is to be performed here from information available in the Government, with particular support from the Departments of State and Defense. We are providing intelligence support through ORR, and we will obtain the product for the benefit of
